PROFESSIONAL SUMMARY

Information Technology undergraduate at SLIIT with hands-on experience in Java, Spring Boot, MERN Stack, and full-stack application development. Skilled in REST API development, database management, and building web and mobile applications. Seeking a Software Engineering Internship to apply technical knowledge and contribute to real-world software projects.

TECHNICAL SKILLS

Programming Languages:	Java | Python | JavaScript | SQL | R
Frameworks & Libraries:	Spring Boot | React | React Native | Node.js | Express.js | Bootstrap | jQuery
Web Technologies:	HTML | CSS | AJAX
Databases:	MySQL | MongoDB | PL/SQL
Developer Tools:	Git | GitHub | Postman | VS Code | IntelliJ IDEA

PROJECTS

Loan Management System

Java | Spring Boot | Spring Security | MySQL | jQuery | AJAX | Bootstrap

Developed a loan management application with role-based access control, customer loan applications, approval workflows, interest and EMI calculations, loan disbursement and repayment tracking.

Financial Transaction Management System

Java | Spring Boot | Spring Security | MySQL | jQuery | AJAX | Bootstrap

Developed a financial transaction management application supporting customer accounts, deposits, withdrawals, balance management, transaction history and financial reporting, with secure role-based access control.

Employee Management System

Java | Spring Boot | MySQL | jQuery | AJAX | Bootstrap

Developed a web-based employee management application with employee registration, profile management, CRUD operations, search functionality and a responsive user interface using REST APIs.

Customer Management System

Java | Spring Boot | MySQL | jQuery | AJAX | Bootstrap

Developed a customer management application featuring customer profiles, contact information management, customer search, filtering and database integration through RESTful APIs.

RideLink – Microservices-Based Ride-Sharing Platform

Java | Spring Boot | MongoDB | H2 | MySQL | JWT | Swagger

Developed a Spring Boot microservices-based ride-sharing platform with Account, Driver & Vehicle, Ride Management, and Fare & Payment services using REST APIs.

Sadareka Bakery POS System

Java | Spring Boot | MySQL | React | React Native

Developed a full-stack bakery POS system featuring product management, sales, payments, reporting, PDF receipts, and thermal printer integration.

EDUCATION

BSc (Hons) in Information Technology — 2024 – Present (Expected Graduation: 2028)

Sri Lanka Institute of Information Technology (SLIIT)

G.C.E. Advanced Level – Mahasen National School — 2021 – 2023

G.C.E. Ordinary Level – Mahasen National School — 2014 – 2020

CERTIFICATIONS & COURSES

MongoDB Data Modeling Path — MongoDB University — 2026

Completed training in MongoDB data modeling, schema design, indexing, and database optimization.

Credential: https://learn.mongodb.com/c/06LfoK_lSimwJ6h94NjkAA

SOFT SKILLS

Problem Solving | Teamwork | Adaptability | Time Management | Communication | Continuous Learning
